

MIX MANCHESTER

MAKING. CHANGE. REAL.

Welcome to MIX MANCHESTER, the UK's best connected science, innovation, and manufacturing campus where forward-thinking occupiers have the flexibility to bring their ideas to life across 2M sq ft of advanced manufacturing, R&D, laboratory, and office space with complementary hotel and amenity uses.

Uniquely positioned to serve as Manchester's manufacturing and innovation exchange, MIX MANCHESTER is perfectly placed to complement and support the growth of the region's established life sciences, advanced materials, digital and technology, and clean technology economies. The scale of opportunity, access to talent and research institutions, and unrivalled connectivity creates a place like nowhere else.

And it's here that everyone from ambitious start-ups to cutting-edge global brands, can join a thriving ecosystem where a like-minded community of partners, producers, and pioneers can succeed on an international stage.

SPACE TO INNOVATE

Driven by the exacting needs of science and innovation occupiers, there is a range of building types available including advanced manufacturing, R&D, laboratory, and office space, all of which can be built to suit the needs of the end-user.

MID-TECH INDUSTRIAL

- Flexible lab / manufacturing / industrial
- Single storey (7m + ceiling height) with opportunity for additional mezzanine floors
- Supported by R&D / office facilities
- Suitable for pilot plant and scale-up facilities
- Spaces from 2,000 to 50,000 sq ft

LARGE SCALE MANUFACTURING (INC. GMP)

- Large batch manufacturing
- Bespoke design and build options and campus opportunities available
- Large footprint, single storey industrial buildings
- Space from 100,000 to 500,000 sq ft – plots can potentially be combined to provide a campus style development if needed

MEDIUM SCALE MANUFACTURING (INC. GMP & ADVANCED THERAPIES & R&D LABS)

- Small batch / early-stage manufacturing
- Bespoke design and build options available
- Multi-storey buildings suitable for a range of uses including Advanced Therapeutics
- Space from 50,000 to 100,000 sq ft

OFFICE / EDUCATION

- Grade A new build offices
- Bespoke design and build and immediate occupation options available
- Shared or single tenant workspace
- Suitable for use by education / academic institutions

R&D LABORATORY

- Containment level 2 lab enabled fit out
- Multi-storey buildings (circa 4.5m slab to slab height)

HOTELS

- Hotel plots up to 9 storeys
- A total of 400 room keys

READY FOR BUSINESS

With more than £30m of utilities and highway infrastructure already in place, MIX MANCHESTER is a 60 acre 'shovel-ready' site that can dynamically respond to occupier demand. Here, businesses have the ability to locate and grow on a scale unrivalled in the North West, as well as benefitting from a streamlined planning process through Manchester Airports Group and stakeholder buy in from Manchester City Council.

The location of MIX MANCHESTER also provides immediate access to a highly skilled talent pool on the doorstep, as well as secure, global logistics connections through Manchester Airport.

EVERYTHING FOR YOUR STAFF

MIX MANCHESTER's location offers convenient access to a range of staff amenities across the campus and wider airport site, with more than 40 landside coffee shops, restaurants, and hotels, as well as gyms, outdoor exercise spaces, and even a crèche.

These numerous shops and services mean you're only a short walk from somewhere to eat, meet, swim, or enjoy a quiet drink after work.

If you fancy a change of scenery, Didsbury, Alderley Edge, Wilmslow, and Hale are within a 20-minute drive and offer some of the region's finest retail and leisure destinations.

A SAFER PLACE TO WORK

MIX MANCHESTER's location adjacent to Manchester Airport means occupiers and their staff will benefit from a level of security and safety infrastructure unavailable elsewhere in the region. And because it's open all day, every day, you're guaranteed a full-time police presence across the airport estate.

All of this means your business and your people can enjoy their working day in a stress-free and safe environment, no matter what time of day.

A WORLD CLASS CITY

From pioneering business and cutting-edge academia to its extraordinary arts and cultural scene, Manchester is well-known for being one of the UK's most innovative and exciting cities. This makes it the perfect choice for ambitious brands wanting the very best for their business and their staff.

But best of all are the people of Manchester, whose global reputation as a creative, industrious, and friendly community helps make the city and its surrounding areas a very special place to live and work.

Deansgate Square

THE NORTH- WEST'S KNOWLEDGE ECONOMY

MIX MANCHESTER is uniquely located within the North West's established and fast-growing life sciences, advanced materials, digital and technology, and clean technology ecosystem. Its proximity to the Oxford Road Corridor, Manchester's universities, and the wider northern life sciences cluster, means it is well placed to complement and support the region's innovation economy.

And as well as being close to like-minded brands and world-class academic and research institutions, MIX MANCHESTER also grants immediate access to a concentrated pool of talented staff and graduates.

WHERE IDEAS TAKE FLIGHT

MIX MANCHESTER is the only major science, innovation and manufacturing campus adjacent to an international airport and provides unrivalled access to the very best the region has to offer.

It is uniquely placed to benefit from multi-modal transport to access surrounding ecosystems and talent pools and enjoys all the transport benefits of an international airport as standard. MIX MANCHESTER is easily accessed by car, tram, train, or plane, so nowhere is beyond reach.

ROAD

Direct access to the M56 motorway

Manchester city centre 9.5 miles drive

On-site national and regional bus and coach station

24/7 taxi & chauffeur services

On the doorstep to Cheshire with Wilmslow, Hale and Alderley Edge within a 20-minute drive

AIR

Manchester Airport connects 28m passengers a year – a figure that is expected to increase to 35m following the £1Bn refurbishment of Terminal 2 in 2025

220+ international destinations, including the east coast of America, Hong Kong, and Singapore

A direct daily British Airways shuttle service to Heathrow Airport (60 mins)

650,000 sq ft freight and logistics hub with airside access

TRAM

On-site Metrolink station

'Super early' Metrolink service from 3am every day

Tram connections every 12 minutes to Wythenshawe, Didsbury, Chorlton and city centre

25% season ticket discount for MIX MANCHESTER occupiers

RAIL

National mainline train station on-site

13 minutes to Manchester city centre

2 trains to London Euston every hour

9 trains per hour to Manchester Piccadilly

13 MINUTES TO THE CITY CENTRE

MIX MANCHESTER offers occupiers direct access to Manchester's thriving city centre in only 13 minutes by train and in less than 10 miles by car. And with train and Metrolink connections running every 20 minutes from the airport's transport interchange, it provides you and your staff with regular and reliable connections to the heart of the city throughout the day.

It is also connected directly to the M56 providing immediate access to the region's extensive motorway network.

WORK-LIFE BALANCE

MIX MANCHESTER has been designed to provide you and your staff with the perfect work-life balance. Blending contemporary work environments with extensive public realm, amenities, and green spaces, it is set to become a cutting-edge urban campus where people are proud to work.

It is also only a short drive to the sought-after villages and towns of Alderley Edge, Hale, Wilmslow, Didsbury, Prestbury, and Chorlton, and is easily commutable from Manchester city centre in only 13 minutes by train. This means there is convenient

access to a diverse range of high-quality residential communities in parts of the region often voted as some of the best places to live in the UK.

Away from work, Cheshire is home to a number of exclusive golf courses, country clubs, and health spas, as well as 5 star hotels, Michelin rated restaurants and award winning independent leisure venues. It is also surrounded by some of the region's finest countryside, where you can enjoy a variety of stunning rural destinations including Quarry Bank Mill, Tatton Park, Dunham Massey, and Delamere Forest.

Quarry Bank Mill

STRENGTH IN PARTNERSHIP

MIX MANCHESTER is being developed by a joint venture partnership comprising Columbia Threadneedle Investments, Manchester Airports Group, Beijing Construction Engineering Group International, and Greater Manchester Pension Fund. The partners' combined experience and investment in major commercial property developments across the world provides the strong foundations upon which the project is based.

MIX MANCHESTER is also proudly supported by Manchester City Council, which is committed to working with the joint venture partnership to ensure the long-term success of this brand-new science, innovation, and manufacturing campus.

Columbia Threadneedle Investments is a leading global asset management group, actively managing £516 billion for individuals, pension funds, other institutions and corporate clients. Its global team of 2,000 people work collaboratively, managing investments in equities, fixed income, real estate and responsible investment.

Manchester Airports Group (MAG) owns and operates Manchester, London Stansted and East Midlands Airports, together with a significant property business. MAG employs over 4,500 people and annually serves over 55 million passengers.

Beijing Construction Engineering Group (BCEG) is a Chinese construction and engineering firm that has built important structures in Beijing and infrastructures and buildings overseas through international branches.

Greater Manchester Pension Fund (GMPF) manages pension scheme for the ten local authorities in Greater Manchester and a host of other kindred bodies, such as schools, colleges, and charities. It is part of the nationwide pension scheme for local authorities, the LGPS.
