

ALDERLEY PARK

53° 16' 46" N 002° 14' 12" W

Where
innovation
meets *discovery*.

Flexible lab spaces to
accelerate your research.

Turning
ideas into
breakthroughs.

Leading the way in scientific innovation

CREATE YOUR OWN LEGACY

Working at Alderley Park

Since 1950, Alderley Park has been a home of discovery. With over 20 drugs discovered here in the past 70 years, our laboratories have been at the forefront of scientific breakthroughs, shaping the future of medicine and biotechnology. This legacy of innovation continues today, with world-class facilities designed to support the next generation of pioneers.

Now a thriving innovation campus, Alderley Park is purpose-built to accelerate the most ambitious research and development. With over 1 million sq ft of cutting-edge lab and office space, we provide the ideal environment for companies working

across biotechnology, pharmaceuticals, diagnostics, and beyond. Our world-class infrastructure is complemented by flexible leasing options, specialist technical support, and a dynamic community of like-minded innovators, ensuring that businesses of all sizes can scale and succeed.

At Alderley Park, you don't just take space - you become part of a thriving innovation ecosystem. Nestled in the heart of the Cheshire countryside, yet seamlessly connected to major research hubs, our campus offers an environment where collaboration fuels discovery, and businesses can grow alongside the best in the sector.

From ambitious start-ups to multinational corporations, everyone can thrive here

We are proud to partner and work closely with a range of sector leading organisations, Academic Institutions, funds, entrepreneurs and private businesses to ensure we connect our customers with

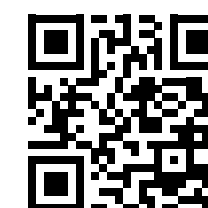

the right people, talent and networks.

These include the likes of BIA, Bionow, OBN and The University of Manchester.

HEAR FROM EXISTING CUSTOMERS

‘There are a number of excellent services at Alderley Park that really supported our research’ - Rocky Cranenburgh, CEO & Founder Bitrobius Genetics

Access to talent

Alderley Park offers access to a wide and rich talent pool to enable companies to grow, including:

7,000

Producing 7,000 science graduates each year

40,000

science students throughout Manchester

But it's not just about the numbers. Alderley Park sits at the heart of a thriving regional ecosystem, where world-class talent is nurtured and

developed through collaboration with leading businesses and institutions.

A CONNECTED LOCAL ECOSYSTEM

Our community is strengthened by the presence of industry leaders such as:

Institutions Driving Innovation & Talent

We are also surrounded by globally recognised research and academic institutions, ensuring a strong talent pipeline and opportunities for collaboration:

The University of Manchester (UoM)

Manchester Metropolitan University (MMU)

The Christie

Europe's largest single-site cancer centre

Manchester University NHS Foundation Trust (MFT)

The Paterson Institute

A pioneering cancer research centre

The Henry Royce Institute

The UK's national institute for materials science

CRUK Manchester Institute

Advancing cancer research and treatments

Jodrell Bank

A world-leading centre for astrophysics and data science

Spaces
designed
for *discovery*

Leased Labs

Offering a range of laboratories suitable for biology and chemistry use with associated write up space, in varied sizes from 300 sq ft up to 52,000 ft. New build opportunities available.

Lab options include fully fitted labs, ready to move in and start your research, as well as open plan options for a bespoke fit out and design.

KEY FEATURES:

Riser space for ducted equipment

Local Gas bottle storage for piped delivery

Easy access to loading bays and goods lifts

Specification details (dry labs / CL1/CL2/Chemistry)

Cafes, food outlets, and break-out spaces

As experts in labs, we can help you customise your lab to accelerate your research with our in-house team.

Find out how we helped Globachem with their bespoke lab fit out

RELIABLE, RESILIENT, AND FUTURE-READY INFRASTRUCTURE

- Highly resilient energy supply connected to the Macclesfield supergrid via dual 33kV feeds.
- On-site coupling ensures uninterrupted power if one supply is lost.
- Dual transformers and switchgear enable seamless load transfer at the building level.
- Robust backup systems include dual water supplies, dual-fuel boilers with backup fuel, and resilient IT infrastructure.
- ESEC-protected site with power priority during national energy shortages.
- 20MVA supply capacity with 65% spare, supporting limitless innovation.

Launch Labs

Our Launch Labs are the perfect stepping stone for businesses progressing from the Coworking Lab to a larger leased space. Designed like serviced offices (but for laboratories) they provide a flexible, fully equipped solution for growing teams.

WHAT'S INCLUDED IN YOUR FIT-OUT

Launch Labs are purpose-built for scientific research and come equipped with:

Essential Gases:

CO₂, low-pressure nitrogen, compressed air, and low-pressure vacuum

Environmental Control:

6 air changes per hour, negative pressure

Specialist Equipment:

CL2 recirculation biosafety cabinet, under-bench 4°C fridge, -20°C freezer, and centrifuge

Functional Design:

Trespa benching, manual key access, sink, hand wash station

Safety Systems: Oxygen depletion and CO₂ accumulation alarms

WHAT'S COVERED IN THE RENT

Enjoy an all-inclusive rental package that takes the hassle out of running your lab, including:

Access to ducted fume cupboard

Service charge, insurance, and business rates

High-speed WiFi (300Mb contended) – wired options available separately

Utilities and lab equipment maintenance

Access to coworking and write-up spaces

KEY FEATURES:

Hassle-free startup

Fully equipped, ready-to-use labs ideal for early-stage companies.

Flexible contracts

Short-term, low-commitment options to support business growth.

Supportive environment

Access to mentorship, collaboration opportunities, and specialist expertise.

Coworking Lab

Shared laboratories provide access to equipment, infrastructure, services and operational support in a flexible, cost effective and responsive manner.

Run by an experienced laboratory management team and located alongside our other Open Access facilities, our coworking laboratories house a growing community of life science researchers.

KEY FEATURES:

Shared, fully equipped laboratories

Access to specialist equipment, infrastructure, and services in a cost-effective and flexible way.

Expertly managed facilities

Run by an experienced lab management team within a collaborative research environment.

Comprehensive equipment access

Includes fume cupboards, safety cabinets, cold storage (-80°C to 4°C), centrifuges, autoclave, multi-mode microplate reader, and more.

Explatum rerum re et ilique la commo blaccume nonseque et dolupta qui omnihil iunt, ommodipsa corem fugiti tem fugit liquia sim id mi, tem. Ovidemp ersperum sim velenient voluptatur,

AVAILABLE EQUIPMENT AND SERVICES INCLUDE:

-  Fume cupboard
-  Class II Microbiological Safety Cabinet
-  Walk in 4°C cold room
-  -80°C freezers
-  -20°C freezers
-  Ultrapure water
-  Analytical balances
-  Centrifuges
-  Autoclave (9L)
-  Multi Mode Microplate reader
-  Vacuum, compressed air and nitrogen
-  Waste disposal

Specialist Science Services

At Alderley Park, all customers will have access to a range of valuable centralised scientific services in support of your research, all available on a pay as you go basis.

Nuclear Magnetic Resonance

Cytiva Technology Laboratory

Thermo Fisher Supply Center

Shimadzu LCMS Suite

Waste & Logistics

Lab Coat Laundry

Glass Wash & Sterilisation

Laboratory media and reagents

Office Space
Options

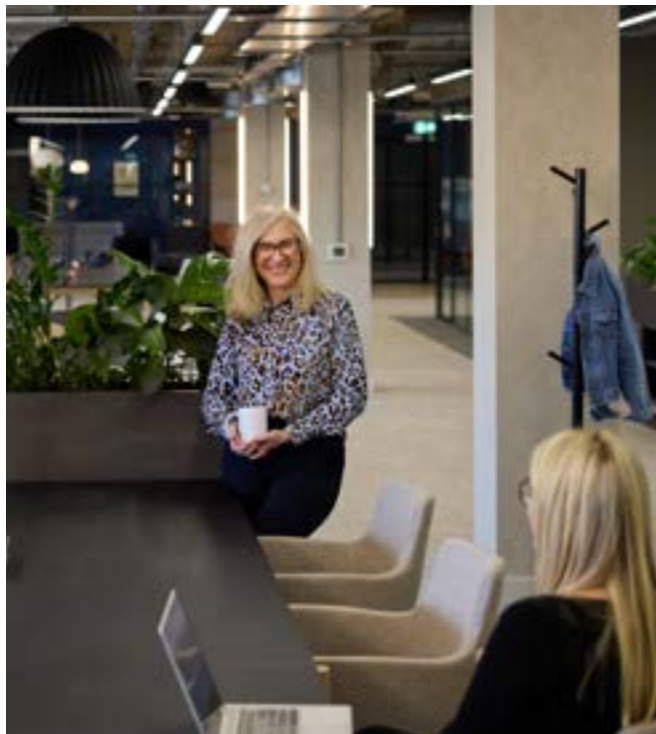

Office Space Options

Leased offices

High-spec offices designed for flexibility and growth. Tailor your workspace to the needs of your team.

From 150sq ft to 15,000sq ft

Furnished offices

Fully fitted workspaces that combine leased flexibility with fully managed convenience, allowing you to focus on growing your business.

From 150sq ft to 15,000sq ft

Serviced

Ready-to-move-in spaces with all the essentials handled for you. Ideal for smaller teams, with flexible contracts to suit your growth.

From 2 to 20 desks

Coworking

Vibrant, shared spaces perfect for dynamic teams and individual entrepreneurs. All include bookable meeting rooms at discounted rates.

A thriving network of innovators

Being part of Alderley Park means joining a vibrant network of innovative professionals. With over 250 companies on-site, you'll find endless opportunities for collaboration and shared success.

Our regular events calendar includes:

- Talks and networking sessions with industry leaders.
- Knowledge-sharing workshops.
- Wellness initiatives for work-life balance.

An environment built for excellence

According to the Mental Health Foundation charity, people working alongside 'high exposure' to nature (taking more frequent breaks to spend time outdoors in green spaces) reported significantly higher work engagement compared to the participants in the same study who described themselves as having a low 'exposure to nature' profile (those who spent more time in the office or who took indoor breaks).

Set in 400 acres of parkland, the Park is home to an array of walking, running and cycling trails. Whether it's a lunchtime wander, walking meeting, or post-work run, Alderley Park offers a unique location to encourage workplace wellbeing.

EXCEPTIONAL AMENITIES:

FUNCTIONALITY.**

Getting here

Alderley Park is easily accessible and well connected to the UK, Europe and the rest of the world.

15 minutes from Macclesfield and Wilmslow train stations

4500 car parking spaces

20 minutes to Manchester Airport

Dedicated park shuttle bus to and from Macclesfield and Alderley Edge stations at peak times

35 minutes from Manchester City Centre universities, and hospitals

Cycle routes to the park from Wilmslow, Macclesfield and Alderley Edge train stations.

Electric vehicle charge points across the Park.

Less than 2 hours from London by train

Liftshare scheme

We have a variety of partnerships with local hotel and taxi companies, to make everything about visiting Alderley Park just that little bit easier.
